Jan 92-May 92 **University of Texas at Austin**, *Department of Psychology*: Undergraduate Research Assistant

Clinical Experiences

2004-current **Private Practice**: Pasadena, CA present location

Oct 04 to May 07 **University of Southern California Student Counseling Services**: Los Angeles, CA
 Apr 09-Nov 21 (Psychologist)
 Supervisors: Broderick Leaks, Ph.D. and Summer Zapata, Ph.D.
Clinical Population: College Students

Conduct triage assessments for culturally diverse students in University Student Counseling Center. Provide crisis assessments and short-term therapeutic intervention for college students. Complete initial assessment evaluation reports and treatment notes on all clients. Collaborate with medical team in coordination of care. Provide outreaches to campus departments to both graduate students and graduate faculty. Facilitate groups on racial healing, cultural identity, and mindfulness meditation. Provide workshops and lectures on diversity-related topic to medical and graduate students.

Dec 02 to May 04 **Harbor-UCLA Research and Education Institute (Work Positive Assistance)**: Torrance, CA
 (Part-time Psychologist/Researcher)
 Supervisors: David Martin, Ph.D. and Robert Chernoff, Ph.D.
Clinical Population: HIV-infected adults on Disability

Conduct neuropsychological and mental health screenings for HIV-infected and/or AIDS diagnosed research participants interested in returning to the workplace. Conduct baseline interviews with eligible participants. Co-facilitate 13 structured group sessions to increase participants' confidence level, job readiness skills, and psychological awareness in returning to the workplace. Provide minimum of two individual motivational interviewing sessions as well as follow-up support sessions as desired by participants.

Sept 01 to Aug 02 **Harbor-University of California Los Angeles Medical Center**: Torrance, CA
 (Psychology Post-Doctoral Fellow)
 Supervisors: David Martin, Ph.D., Enrique Lopez, Psy.D., Darlene Skorcka, Ph.D., and Sandra Gonzalez, Ph.D.
Clinical Population: HIV-infected and -affected adults

Conduct triage assessments for primarily under-represented HIV-infected adult population. Provide short-term therapy, open-ended therapy, and crisis management to adults in outpatient HIV Mental Health Service and Allergy and Immunology Clinic. Provide inpatient clinical interview and brief therapy to medically hospitalized adults in order to identify patient needs and obstacles to care delivery. Provide appropriate psycho-social referrals to inpatient and outpatient clients. Provide psychological consultation to medical team in Allergy and Immunology clinic. Developed and implemented a culturally sensitive four-week psycho-educational coping skills group for HIV-infected African American clients. Provide neuropsychological screenings and assessment in both inpatient and outpatient settings. Provide outpatient psychological assessment. Participate in weekly interdisciplinary treatment team meetings. Conduct needs assessment of HIV-positive women at dual site locations. Participate in weekly consultation meeting to discuss status of inpatient HIV-infected patients. Complete initial intake evaluation reports, therapy notes, psychological and neuropsychological assessment reports, and discharge summaries on all clients. Participation on

graduation planning committee. Attend weekly psychology case conference. Develop and deliver case presentation for psychology division.

Clinical Population: Adults in Outpatient Family Medicine Clinic

Conduct short-term outpatient therapy in Family Medicine clinic. Provide psycho-social assessments and psychological consultation to medical team in Family Medicine clinic. Conduct therapeutic home visits with primary physician for Family Medicine patient.

Aug 00 to July 01 **University of Southern California Student Counseling Center:** Los Angeles, CA
(Psychology Intern)

Supervisors: Edith Chung, Ph.D. and Mary Andres, Psy.D.

Clinical Population: College Students

Conduct triage assessments for culturally diverse students in University Student Counseling Center. Provide short-term and open-ended therapy to students with various clinical issues. Co-facilitate Women's process group, Black Women's Caucus support group, and live-supervised Relationship process group. Participate in group supervision as a treatment team member offering live group supervision. Participate in crisis team rotation by completing crisis assessments/counseling and triage. Provide weekly supervision to doctoral-level practicum trainee. Participate in various outreach and consultation opportunities. Participate on a multi-disciplinary team in weekly staff, intake, and professional development meetings. Complete initial assessment evaluation reports, therapy notes, crisis assessments, and discharge summaries on all clients. Participation on all-staff retreat planning committee.

Sep 99 to May 00 **PeaceHealth Center for Behavioral Solutions and Therapy:** Vancouver, WA.
(Pre-intern Therapist)

Supervisor: Margaret Smith, Ph.D.

Clinical Population: Outpatient Adults

Conduct triage assessments for clients in Community Mental Health Center. Provide solution focused therapy to adult clients with severe psychiatric problems and multiple psychosocial stressors. Expected to co-facilitate Anger Management and Self-Esteem groups with female clients. Expected to conduct cognitive, personality, and projective assessments for clients with various diagnostic disorders. Expected to generate interpretive reports, provide client feedback, and present diagnostic data to staff. Participate on a multidisciplinary team in weekly staff and clinical review meetings. Participate in group supervision with multidisciplinary team. Provide case presentations during group supervision. Provide consultation to various members of the treatment regarding various client activities and treatment issues. Monitor clients' treatment progress using various behavioral inventories. Complete treatment plans, therapy notes, crisis assessments, and discharge summaries on all clients.

Feb 98 to Jun 99 **Legacy Emanuel Hospital and Health Center - Project Network:** Portland, OR.
(Qualified Mental Health Professional)

Supervisors: Susan Schradle, Ph.D. & Gwen Jagernauth, MSW

Clinical Population: Inpatient African-American Women (dually diagnosed)

Provided extended therapy from a culturally congruent perspective with dually diagnosed clients experiencing severe psychosocial stressors and environmental impediments. Co-facilitated therapy groups on Anger Management and Domestic Violence with culturally diverse clients. Participated in group supervision. Provided case presentations during individual and group supervision. Provided consultation to various members of the treatment regarding various client activities and treatment issues. Monitored clients' treatment progress using various behavioral inventories. Completed treatment plans, therapy notes, and assessment updates on all clients.

Sep 98 to Jul 99 **Tualatin Valley Mental Health Center:** Portland, OR. (Practicum Trainee)
Supervisors: Ken Ihli, Ph.D. & James Gurule, MA

Clinical Population: Outpatient adults and adolescents

Provided short term therapy to adults and adolescents with various psychiatric disorders. Provided case management services to facilitate clients' continuity of care. Co-facilitated therapy groups on Life Skills for at-risk adolescents, Parenting Education for concerned parents, Mentally Delayed Developmentally Disabled Men for severely developmentally delayed clients, Dialectical Behavioral Therapy for clients with persistent mental illnesses, and Anger Management with court mandated clients. Participated in group supervision. Provided case presentations during individual and group supervision. Provided consultation to various members of the treatment regarding various client activities and treatment issues. Monitored clients' treatment progress using various behavioral inventories. Completed treatment plans, therapy notes, and assessment updates on all clients. Conducted quality improvement and organizational performance improvement activities on a monthly basis.

Sep 98 to Dec 98 **ParentCare, Incorporated:** Portland, OR. (Trainee and Facilitator)
 Supervisors: Derenda Schubert, Ph.D. and Terri Bennink, Ph.D.
Clinical Population: Outpatient adults
 Completed extensive training relevant to effective parent education. Provided 20 hours of education/support classes designed to enhance the parent-child relationship and increase parenting confidence. Offered specific feedback to program developers on ways to enhance the group curriculum. Participated in clinical supervision.

Sep 97 to Jun 98 **Legacy Emanuel Hospital and Health Center - Project Network:** Portland, OR.
 (Qualified Mental Health Professional)
 Supervisor: Susan Schradle, Ph.D.
Clinical Population: Inpatient African-American Women (dually diagnosed)
 Provided individual therapy from a culturally congruent perspective with dually diagnosed clients experiencing severe psychosocial stressors and environmental impediments. Co-facilitated groups on Alcohol and Drug Processing, Depression, and Cultural Enrichment. Participated in group supervision. Provided case presentations during individual and group supervision. Provided consultation to various members of the treatment regarding various client activities and treatment issues. Developed a nine-week Cultural Enrichment curriculum. Monitored clients' treatment progress using various behavioral inventories. Completed treatment plans, therapy notes, and assessment updates on all clients.

Sep 97 to Dec 97 **Parry Center for Children and Families:** Portland, OR.
 (Child and Family Therapist)
 Supervisor: Timothy Fischer, Ph.D.
Clinical Population: Outpatient children and families
 Provided contract services with a culturally and clinically diverse population: play therapy with children and individual therapy with adolescents. Provided case management services to facilitate clients' continuity of care. Completed treatment plans, therapy notes, and assessment updates on all clients. Participated in weekly individual clinical supervision.

Jan 96 to May 96 **George Fox University:** Newberg, OR. (Pre-practicum Trainee)
 Supervisor: Wayne Colwell, Ph.D.
Clinical Population: University Students
 Provided counseling to university students addressing issues of identity formation. Completed treatment plans and monitored client progress through case notes. Participated in weekly group clinical supervision.

Other Relevant Work Experiences

Aug 94 to May 95 **Smith-Williams Service Center:** Tallahassee, FL (Program Coordinator)
 Supervisor: Joseph Baldwin, Ph.D.
Clinical Population: Primary aged children
 Developed and implemented curriculum for after-school program for elementary school-aged children. Provided academic tutorial and social mentoring activities for program participants. Conducted ongoing consultation meetings with parents of under-served and under-represented clients. Provided advocacy on behalf of clients and parents with various social and educational agencies and programs. Facilitated psychoeducational groups that focused on social skill development.

Jun 94 to Aug 94 **Self Help for African People through Education (S.H.A.P.E.) Community Center:**
 Houston, TX (Youth Group Leader)
 Supervisor: Deloid Parker
Clinical Population: Children and adolescents
 Supervised academic and recreational activities with summer program for children and adolescents. Provided tutorial and social mentoring activities for program participants. Conducted ongoing consultation meetings with parents of under-served and under-represented clients. Provided advocacy on behalf of clients and parents with various social and educational agencies and programs. Facilitated social skills and comporment groups with high risk children and adolescents.

Sep 90 to May 92 **University of Texas at Austin Career Center:** Austin, TX (Career Assistant)
 Supervisor: Lynne Milburn, M.S. & Karen Weems, M.S.
Clinical Population: College students
 Provided intake interviews and career counseling to university students with issues pertaining to career direction. Participated in program evaluation of service efficacy. Provided interviews for prospective employees for various positions with Career Services. Conducted needs assessment of program's participants to develop better service-resource matching. Conducted various outreach activities and workshops to various university programs.
